Washington D.C.- Congressman Steve King (R-IA) today announced that efforts to force the House of Representatives to vote on legislation providing for a 100% repeal of "Obamacare" continued to gain momentum, with the addition of the 173rd signature. Once the discharge petition reaches 218 signatures, Speaker Pelosi will not be able to prevent the repeal legislation from receiving, and passing, a vote on the floor.

"Efforts to repeal the deeply unpopular 'Obamacare' bill continue to gather momentum," said King. "We now have 173 Members of the House of Representatives on record calling for full repeal of 'Obamacare', including Republican Leader Boehner, Republican Whip Cantor and GOP Conference Chairman Pence. I expect these numbers to continue to swell."

"We have also added the first Democratic signature to the discharge petition. Rep. Gene Taylor□ of Mississippi is the first Democrat to sign the discharge petition, and it is my hope that his decision will pave the way for other Democrats who support repeal to break ranks with Speaker Pelosi and President Obama."

A list of Members who have signed on to the legislation (organized by state) has been provided below:
